Stabilizing Families Harmed by Parental Addiction is Goal of New State-Wide START Program

Mahoning County
Children Services is one
46 Ohio Counties
implementing the
Ohio START (Sobriety,

Treatment and Reducing Trauma) Program. The START Program is an evidence-informed children services-led intervention model that helps public children services agencies (PCSAs) bring together caseworkers, behavioral health providers, and family peer mentors into teams dedicated to helping families struggling with co-occurring child maltreatment and substance use disorder. Each County program employs at least 1 START caseworker and 1 START Family Peer Mentor who partner to serve a caseload of 10-12 families. To date, the program has served nearly 300 families, 900 individuals and 500 children.

\$1 Million Dollar Investment Will Create “Emergency Response Team” to Help Stabilize County Children Services Agencies in Crisis

COLUMBUS, OHIO – The Ohio Department of Job and Family Services (ODJFS) will invest nearly \$1 million creating an Emergency Response Fund to help county children services agencies struggling with historically large caseloads, caseworker burnout and turnover, and unprecedented challenges caused by the drug epidemic.

“The current biennial budget made historic investments in children services to help Ohio’s communities respond to this complex combination of challenges,” said ODJFS Director Kimberly Hall.

EMERGENCY

Continued from page 1

"The Emergency Response Fund will allow us to quickly implement additional, targeted strategies to assist county agencies during times of immediate need or crisis, such as a large-scale staff turnover, child fatality, documented performance concerns, or other emergencies."

The investment will fund the creation of a three-

person Emergency Response Team, which can nimbly respond to county agencies in crisis by offering intensive training and technical assistance in the short term. To help with long-term needs, the fund may also be used for statewide caseworker recruitment and retention efforts and other capacity challenges that counties may face, such as home study assessments for foster and adoptive parents.

Mahoning Kids Matter | WINTER 2019-2020

**CHILD PROTECTION
SUPPORT STAFF OF
THE YEAR**
KATHY THOMAS
**MAHONING
COUNTY CHILDREN
SERVICES**

Support staff are the unsung heroes of children services agencies. They keep the lights on, get the bills paid, and make it possible for the caseworkers and supervisors to serve children and families. This year's support staff of the year, Kathy Thomas, has tenure that stretches back 34 years, arrives early to work, does her job with efficiency and accuracy, and rarely calls off. Having held various positions over more than three decades, Kathy Thomas is the institutional memory of the agency. She can tell you why something is done the way it is, when it changed, and how it works. Her own supervisor admits that our award winner taught her how to supervise her. Her coworkers appreciate that she is consistent in demeanor and attitude; in fact, she's one of the most approachable and friendly people in the agency. She is task oriented, reliable and always 100 percent accurate, but she also values relationships. Accountability, honesty and reliability are hallmarks of her work, but open-mindedness and compassion are also traits recognized by fellow staff, foster and adoptive parents, and agency vendors. She is an outstanding leader and trainer in her unit and appreciated throughout the agency.

JOURNALIST OF THE YEAR
JENNIFER BRINDISI
WFMJ NEWS ANCHOR

A respected and trusted veteran news anchor and reporter, Jennifer Brindisi is also known throughout Mahoning, Trumbull and Columbiana counties and western Pennsylvania as an ardent champion of children and families. Jennifer Brindisi of WFMJ Youngstown received the Public Children Services Association of Ohio's (PCSAO) 2019 Outstanding Journalist of the Year Award for her recurring segment covering issues related to child abuse, foster care and adoption. In May 2017, Mahoning County Children Services launched a community outreach effort to bolster the number of licensed foster parents. Jennifer took notice. To heighten awareness of the need for caregivers and of issues affecting children and families, she launched a monthly TV segment with Mahoning County Children Services called the "Kids Matter Project." Monthly topics are identified in consultation with Mahoning County Children Services. Topics have included Ohio Governor DeWine's budget investments for Ohio's county public children services agencies, holiday anxiety for foster and former foster youth, positive parenting tips, the opioid crisis, kinship care, and reunification as well as Mahoning County Children Services community events. Many of these topics would not have been given the focus they deserve on broadcast television. Jennifer's enthusiasm and compassion have made this segment a staple of the mid-day news lineup. Jennifer was willing to use her professional position to harness the power of television by creating an innovative and first-of-its-kind forum that reaches thousands of households in this viewing area.

START PROGRAM

Continued from page 1

The Ohio Sobriety Treatment and Reducing Trauma (START) Model is an adaptation of the national Sobriety, Treatment and Recovery Teams (START) Model, an evidence-informed child welfare led intervention for families that has been shown, when implemented with fidelity, to improve outcomes for both parents and children affected by child maltreatment and parental substance use disorders.

Ohio START is being led by the Public Children Services Association of Ohio in partnership with the Office of Ohio Governor Mike DeWine, the Ohio Department of Job and Family

Services, the Ohio Department of Mental Health and Addiction Services and the Ohio Attorney General's Office.

Each County implementing Ohio START has their own START team within the county. Teams are made up of Caseworkers, Family Peer Mentors, Supervisors, Administrators, and Behavioral Health Providers.

To get in contact with your local START team, contact your local public children services agency (PCSA) for more information. In Mahoning County, contact Mahoning County Children Services: 330.941.8888

Children Services' Staffers Donate Time & Labor at Lowe's *Community Bed Build* Project for Youngstown Local *Sleep In Heavenly Peace* Chapter

Busy Builders: Children Services' Staffers: Juanita D.M. and Meghan, T.

Lowe's Home Improvement called upon community organizations to participate in their "Lowe's Heroes Project 2019" to help with a **Community Bed Build** held October 27, 2019. The project directly benefitted the Youngstown, Ohio Chapter of Sleep in Heavenly Peace. Sleep in Heavenly Peace (SHP) is a non-profit organization that works in our community to help build bunk beds for children and families in need. 15 beds were built at this event. Sleep in Heavenly Peace's Mission statement is: "No kid sleeps on the floor in our town." Jeff Watkins, President of

the SHP Youngstown Chapter, says since its start in Youngstown, the local chapter has delivered more than 60 beds to local children in need. At any given time in the Youngstown area alone there are more than 300 request for beds. Many of the beds built by SHP Bed Builds also benefit the children and families on Mahoning County Children Services' caseloads.

What is a Bunk Bed Build: It starts with a pile of lumber that is set up as an assembly line. Each Assembly Station has a specific job to do and every Station equally important to the next station so that by the end of the assembly line a finished bed frame is created. Donations of the bed to children and families include: the bed with frame, mattress, pillows, sheets and blankets. The child can immediately sleep on it since it is ready to go. **For more information on Sleep in Heavenly Peace:** <https://www.shpbeds.org/>

Mahoning County Children Services has been able to make the Holidays a little brighter and joyous for hundreds of Mahoning County children thanks to the numerous and generous spirit of individuals, organizations, businesses and corporations who sponsor children, donate toys, new winter apparel, clothing and provide financial gifts. The gifts collected are given to children—including infants to 18-years-old—who receive case management services from Mahoning County Children Services. Adoption Day Celebrates “Family is Everything”

The Gilmartin Family

November marks National Adoption Awareness Month. Each year courts, child welfare agencies and community partners join together on one day to do something AMAZING—create forever families! On November 1, 2019, in the Mahoning County Courthouse Rotunda, together, Mahoning County Children Services and Mahoning County Probate Court co-hosted the “Sixth Annual Adoption Day Celebration Event.” Each year, the community is cordially invited to this public event.

The 2019 Adoption Day Celebration featured two children, Jackson and Nathan’s Adoption Finalizations. The boys were adopted by two different families. National Adoption Day is a collective national effort to raise awareness of the more than **123,000** children across the nation who are waiting in foster care for an adoptive family. This one day offers communities the opportunity to finalize adoptions, celebrate adoptive families and find homes for children in foster care.

Local Waiting Children: In Ohio, adoption services are provided by public children services agencies like

Mahoning County Children Services. “This is our opportunity to bring attention to the hundreds of local children in foster care and to make a difference in the lives of these children. If we can connect one child with an adoptive family with this event, it’s a success,” states Judge Robert N. Rusu, Jr., Mahoning County Probate Court. **National Stats:** Children in foster care will spend at least three birthdays waiting for their forever families and the longer children are in foster care, the more at risk they are of growing up in care and leaving without getting adopted. Each year, over 20,000 children (over 1,000 in Ohio alone) emancipate out of foster care at 18 years old without a permanent family or home. Mahoning County Children Services is in immediate and great need of foster homes for children of all ages. “There is a critical shortage of licensed foster caregivers in Mahoning County,” explains Jennifer T. Kollar, Public Information Officer, Mahoning County Children Services. “Our goal is to decrease the number of children waiting for adoptive families and identify and recruit as many new adoptive and foster homes,” states Kollar.
